InterCommunity 2016

Board of Trustee Briefing

19 June 2016

Why InterCommunity?

Unify the Internet Society community behind our shared global vision

Showcase the Internet as a powerful tool to create engagement and connections across distance and time

Create a "moment" for our global community of members to meet, share, and connect

One Internet, One Society, One Meeting.

Strategic Objectives of InterCommunity 2016

Create a community connection to ISOC's 2016 Strategic Objectives **Connecting the Unconnected** and **Restoring and Building Trust in the Internet** *– using the campaigns to share the success stories* of our Chapters and Members

Position our Trustees as leading voices **of** our community, **from** our community – by *hosting Trustees at Interactive Nodes*

Provide an opportunity for community engagement on a global project – *Future Internet Scenarios*

Generate excitement for our rebranding effort and upcoming 25th Anniversary

Celebrate the Internet Society community – *have fun!*

When is InterCommunity 2016?

21 September 2016

Global Session 1 – from 8:00 – 10:00 UTC (21 September)
Friendly to participants in Asia Pacific

Global Session 2 – from 13:00 – 15:00 UTC (21 September)
Friendly to participants in Europe, Africa, and the Middle East

Global Session 3 – from 18:00 – 20:00 UTC (21 September)
Friendly to participants in the Americas

Why 3 Global Sessions?

- To create a longer time period for our community to participate
  - More sessions means more of our community can join in a time that is convenient for them

- To "schedule" time for Intra-Regional Discussions
  - We have created a format that formalizes the timing of Intra-Regional Discussions and creates space in the agenda

- To enable more opportunities for community engagement
  - We will be able to match Trustees to their closest Interactive Node, empowering them to develop community relationships

- Take the pressure off our Executive Team, Trustees and Staff
  - Individuals will only be expected to participate and support one (or max 2) sessions
  - This gives a more interesting mix of Trustees and Staff across the Global Sessions

How our event moves with the sun

- Intra-Regional Discussions precede each Global Session
  - We have 90-Minutes allocated for the Intra-Regional Discussions; but Regions can host longer sessions if they want and there is community interest

- The timing of each Global Session is "friendly" for most in the Region

Where is InterCommunity?

Everywhere there is Internet.

How can you participate?

- Participate in-person from an Interactive Node
  - 3-5 Interactive Nodes per Region
  - Each Global Session will be led by a "Host" Interactive Node

- Participate in-person from a Viewing Node
  - We will encourage Chapters and Org Members to host Viewing Nodes
  - We will provide some funds to support set up costs.

- Participate online
